# IOWA STATE FAIR AND EXPOSITION

Beautifully located on a tract of 300 acres which are ideally adapted to a fair and exposition grounds, the Iowa State Fair and Exposition has an exhibit area, camping grounds and sites for its buildings surpassing any other fair in the country. Portions of the grounds are covered with natural shade, while the balance is level and well turfed. Broad walks of brick and cement and oiled streets relieve the visitor from the annoyances of dust or mud, and make an inspection of the Fair not only easy, but a decided pleasure.

## VALUE OF PLANT.

The following is a balance sheet taken off the books November 30, 1917, and sets forth the assets and liabilities of the state of Iowa insofar as the state fair plant is concerned. Your attention is directed to this schedule for the reason that it shows in a condensed form the value of the plant and the cost of same to the state of Iowa. It will be noted in the items listed under liabilities that the state of Iowa has invested in real estate and improvements at the state fair grounds, since it was permanently located in 1885, a total of \$526,443.72. The present value of the plant is \$1,245,153.52. Deducting from this the accounts payable leaves a balance of \$1,244,865.71, or a surplus to the state of Iowa of \$718,421.94. In other words, every dollar the state has invested in the fair grounds plant is worth \$2.36 in property value. In addition to this remarkable showing the state fair, which is acknowledged to be one of the state's greatest and most practical educational institutions for the masses, is conducted annually without expense to the state of Iowa and has in the past eleven years paid the exhibitors \$647,201.87 in cash premiums.

## IOWA STATE FAIR BALANCE SHEET.

-------------------------	-----

### **Return Checks**

**No Pass Out Checks Issued.** Persons holding tickets for succeeding day will be admitted after nine o'clock p. m., by presenting same at pass gates; tickets to be taken up the following morning when the grounds are policed. **Positively no return checks issued at outside gates.**

### **Bureau of Information.**

A bureau of information will be maintained by the management in the lobby of the Administration building for the purpose of serving the public in every way possible.

### **City Bureau of Information.**

Under the direction of the Des Moines Chamber of Commerce and the Des Moines Commercial Association a bureau of information will be maintained during the entire time of the fair. The main branch will be in the lobby of the court house, with branch offices at the three railway stations and at the State Capitol building. The office of the Chamber of Commerce is on the fifth floor of the Shops building at Eighth and Walnut streets. A list of lodging and boarding houses, with prices, will be kept by this bureau of information, and visitors are cordially invited to avail themselves of the opportunity thus afforded, free of cost, to locate lodging and boarding houses. You can feel perfectly safe in any place recommended by the Chamber of Commerce. They will also thank you to report to them promptly any exorbitant charges made by any boarding house, hotel or restaurant, barber shop, etc.

### **Day Nursery.**

A day nursery will be maintained in the Women and Children's building. This will make it possible for mothers with small children to attend and thoroughly enjoy the fair by leaving their children in the care of the nursery. Trained nurses will be in attendance each day and for a small fee the children will be well taken care of and entertained, but mothers will be required to furnish food for their own children.

### **Women and Children's Building.**

The Women and Children's Building is a beautiful structure located on the hill east of the stock pavilion and agricultural building. The location is ideal, overlooking the main portion of the grounds and exhibit buildings.

The building was designed, as its name would imply, for the women and children in attendance at the fair. The rest rooms are large, well ventilated and furnished with comfortable furnishings. The spacious porches offer a resting place for hundreds of people.

In addition to rest rooms and other conveniences for women and children, the building contains many exhibits and educational features, among which are the baby health contest, day nursery, where babies may be left in care of trained nurses, child welfare and public health exhibits, an excellent art exhibit, exhibit of state traveling library, rural school exhibit, and a room set aside for daily demonstrations in domestic science; also a large auditorium in which programs are given daily.

### **Emergency Hospital.**

An emergency hospital will be maintained on the grounds east of the agricultural building, in charge of a skilled physician and a trained nurse, accessible day or night. The management provides the hospital building and furnishings, but each patient is expected to pay the physician for services rendered.

### **Check Room.**

Check rooms in charge of reliable and reputable persons will be located west of stock pavilion, at the entrance of auto parking grounds and in the basement of the women and children's building. Packages may be checked at a nominal fee. Any overcharge should be reported to the management.

**Post Office.**

A sub-station of the Des Moines Post Office will be located on the north side of Grand Avenue, near telephone station. The office will receive and distribute mail, sell stamps, postal cards and money orders.

**Press Bureau.**

The department will maintain a press bureau in the administration building with a competent person in charge. Manifold copies of the reports of awards in the live stock departments, daily programs, special orders and announcements, official decisions and all other matters of interest or value to the public will be furnished to the press. Representatives of the press at large, who may be assigned to or visit the fair during its progress, are respectfully invited to make this their headquarters and avail themselves of the facilities offered.

**J. P. MULLEN, Fonda,**  
**Vice President Iowa State Fair and Exposition,**  
**and Superintendent of Implements and Machinery.**

**Express.**

The express companies' offices will be located in the booths of the Stock Pavilion, between the north and east entrances. All express matter intended for delivery at the grounds should be marked and charges prepaid to the State Fair and Exposition Grounds, Des Moines. All express sent to individuals or firms in care of the secretary will be found at the express office and not at the office of the secretary.

**Railway Offices.**

All the leading trunk lines will have offices at the grounds for the transaction of business and furnishing information relative to freight and passenger rates, departure of trains, etc.

**Telegraph Offices.**

A branch station of the Western Union and the Postal Telegraph Companies will be maintained in the lobby of the Administration building, also in northeast corner of Machinery hall.

**Telephones.**

A complete telephone system is maintained at the grounds jointly by the management and the Iowa Telephone Company. Connection may be had to any part of the grounds, free; a toll fee of ten cents for downtown connections is charged. The central office will be located in a building on the north side of Grand avenue, at the intersection of Rock Island and Grand avenues.

**Administration Offices.**

All the officers and superintendents of the fair will have offices in the Administration building. This is a very handsome and useful office building, located in the center of the grounds. A cordial invitation is extended to everyone to make the building their headquarters while at the fair.

**General.**

The management will consider it a kindness if persons will report any mistreatment or extortion practiced by any employe of the fair or concessionaire. They also ask for immediate information regarding the sale of intoxicating liquors. Don't wait until the fair is over to report or file complaint, but do it immediately.

Respectfully submitted,

C. E. CAMERON, President,  
J. P. MULLEN, Vice President,  
A. R. COREY, Secretary,  
Executive Committee,  
Iowa State Board of Agriculture.

Des Moines, Iowa, March 15, 1918.

#### RULES OF WESTERN TRUNK LINES, GOVERNING SHIPMENTS EXHIBITED AT THE IOWA STATE FAIR AND EXPOSITION.

**EXHIBITS FOR FAIRS AND EXPOSITIONS**—The following rules will govern shipments exhibited at State, County, District, Municipal or Educational Associations, Fairs or Exhibitions. (See exceptions.)

**FIRST**—The freight will be way-billed at owner's risk of damage and regular rates will be charged to the fair or exhibition.

**SECOND**—On return of the freight, no change of ownership having occurred and with proper evidence from the secretary of its exhibition, it may be returned free, at owner's risk, to point of shipment on the line over which the freight was originally forwarded.  
carried free from the last place of exhibition to the point of origin.

**THIRD**—On return shipments the switching charges of the railroads handling such shipments will have to be paid by the shipper and will not be borne by the carriers.

When articles are sent to more than one fair for exhibition, on one line of road, full rates will be exacted, except that the exhibits may be

**FOURTH**—The usual live stock contract must be executed in the regular manner for shipments of live stock, and such shipments, to be entitled to free return, must be limited to the following valuations, which should be inserted in the contract:

Each Ox, Bull or Steer.....	\$75.00
Each Cow .....	50.00
Each Calf .....	20.00
Each Hog .....	15.00
Each Sheep .....	5.00
Each Goat .....	3.00

**FIFTH**—Shipments of horses, asses, or ponies (gelding, mare, stallion, mules, jack or jenny) will not receive the benefit of this rule, but in all cases will be charged full tariff rates each way.

**SIXTH**—Harness, sulkies and other articles transported with shipments of horses and mules will be charged for at tariff rates on such articles.

**SEVENTH**—Buckets, currycombs, brushes, feed boxes and blankets, not exceeding 200 lbs. with carloads and not exceeding 100 lbs. with less than carloads, will be carried free.

**EIGHTH**—With either carloads or less than carloads, the feed in excess of 200 lbs., remaining in car after same reaches destination, will be charged for at local rates.

**NINTH**—All property must be returned within ten days after the close of the fair or exhibition, at which it has been on exhibition, otherwise full tariff rates will be charged.

**TENTH**—The above rates will not apply on shipments of automobiles, auto trucks or aeroplanes returned.

**ELEVENTH**—The above rules will not apply on articles exhibited at shows, exhibits and expositions held by manufacturers, dealers or associations for commercial purposes.

**EXCEPTION**—Will not apply in connection with the B. & O. S. W. R. R.

**EXCEPTIONS**—Will not apply in connection with C. C. C. & St. L. Ry.

See Agent Eugene Morris' Tariff No. 130-H, I. C. C. No. 535, supplements thereto and reissues thereof.

Will not apply in connection with the Great Northern Ry. See their G. F. O. No. 23230, I. C. C. No. A-3524, supplements thereto and reissues thereof.

Will not apply in connection with the D. W. & P. Ry. See their G. F. D. No. 120, I. C. C. No. 16, supplements thereto and reissues thereof.

## **RULES GOVERNING EXPRESS CHARGES AND SHIPMENTS TO IOWA STATE FAIR GROUNDS—CIRCULAR I. C. C. 663.**

**Rule 1**—When an additional arbitrary of a specified number of scale numbers is shown in this tariff it means an addition to the First-Class Scale rate, and the combined Scale rate must be used as a basis for ascertaining the through Classification charges. Where specific commodity rates are in effect there shall be added to such specific rates the amount represented by the additional Scale numbers, i. e.; 5 Scale numbers, add 25 cents per 100 lbs.; 10 Scale numbers, add 50 cents per 100 lbs., etc.

**Rule 2**—Unless otherwise provided, the Terminal and Switching Charges given herein for live stock in carloads will apply, regardless of the number of animals in the car.

**Rule 4**—Switching charges provided for herein must not be assessed on carload shipments of live stock that may be unloaded for rest, feed and water, in compliance with the federal law.

Des Moines, Iowa—Iowa State Fair Grounds—The rate to or from the Iowa State Fair Grounds at Des Moines, Iowa, is 10 Scale numbers (or 50

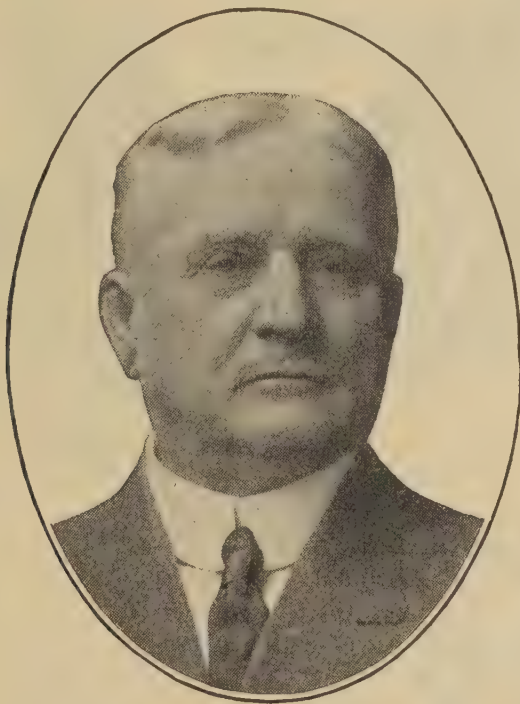

cents per cwt. on intrastate shipments) more than the rate to or from Des Moines, Iowa. (See Rule 1.) The rate on Live Hogs or Sheep is 50 cents per crate more than the rate to or from Des Moines, Iowa.

The rate on carload shipments between Iowa State Fair Grounds and all points is \$5.00 per car more than the Des Moines, Iowa, rate.

---

**RESOLUTIONS ADOPTED BY THE COMMITTEE ON RETRENCHMENT  
AND REFORM MAY 7, 1913—RELATIVE TO ISSUING PASSES  
AT THE IOWA STATE FAIR AND EXPOSITION**

Be It Resolved by the Committee on Retrenchment and Reform, That the State Board of Agriculture be instructed not to issue any free passes during the State Fair except that the Board in its discretion, and under strict and proper regulations, may issue free admission to the following persons:

**W. W. MORROW, Afton,  
Treasurer Iowa State Fair and Exposition.**

The officers and members of the State Board of Agriculture and employes of the State Fair, including those actually employed for attraction and entertainment.

Exhibitors who pay \$2.00 for exhibitor's ticket, and their actual employes and helpers.

Concessionaires and their actual employes and helpers.

Weather and Crop Observers appointed by the Director of the Iowa Weather and Crop Service Bureau.

Officers of other State Fairs and the President and Secretary of the County and District Fairs in Iowa that receive state aid.

Newspaper publishers and reporters actually engaged in reporting the Fair.

Old soldiers for one day during the Fair.

Children under 15 years of age for one day during the Fair, but nothing herein shall be construed to prohibit the free admission of children under

*Convince*  
**YOURSELF**

---

3 years of age, or the granting of reduced rates to children under 8 years of age, or the granting of reduced rates to children under such rules as the Board shall prescribe.

Pioneers for one day during the Fair.

#### NEWSPAPER SUBSCRIPTION SOLICITORS.

The following resolution, which was adopted by the American Association of Fairs and Expositions at the annual meeting in December, 1912, will be enforced at the Iowa State Fair and Exposition in 1918:

"Be It Resolved, That no concession, booth or privilege be granted for newspaper solicitors except in request of its publisher or manager, mailed to the secretary ten days prior to the opening of the fair, which request must contain the name of the publication, privilege desired, and name of such persons as solicitors (who have been continuously employed for a period of three months preceding date of application).

"That such solicitors must be gentlemanly, courteous and honest in dealing with the public, and are absolutely prohibited from using any form of merchandise, animal, article or tickets for future drawings as gift or sale to influence subscriptions, under penalty of expulsion from the grounds.

"That all solicitors must purchase season tickets good for the entire week.

"And all solicitors in soliciting subscriptions shall confine their operations to the space or booth assigned them by the management of the fair."

#### COLORS FOR AWARDS.

The following colors will be used in designating awards:

Champion .....	Royal Purple
First .....	Blue
Second .....	Red
Third .....	White
Fourth .....	Pink
Fifth .....	Yellow
Sixth .....	Dark Green
Seventh .....	Light Green
Eighth .....	Tan
Ninth .....	Gray
Tenth .....	Light Blue

## AUTO SALVAGE AND EXCHANGE

Walnut 3100

1317-19 Locust St.

## ANNOUNCEMENT

---

Iowa's Sixty-fourth Annual State Fair and Exposition is ready. The visitor will find it all that past state fairs have been and much more. It has been worked out under most unusual conditions. It will appeal from a hundred new angles because of the many novel features that are the outgrowth of these same unusual conditions that have entered into the making of it.

### PURPOSE OF THE FAIR

Whatever may have been the aim and purpose of the Iowa State Fair in other years there is just one supreme idea or conception in mind this year, one that overtops and transcends all others, and that is **TO HELP WIN THE WAR!** In company with the other states of the Middle West Iowa has answered every call from Washington for volunteers in the numerous war activities, for young men to strengthen the battle line and for money. But Iowa's responsibility does not stop there. There is another duty, quite as imperative—the production of food. As the leading agricultural state in the Union Iowa's obligations go beyond those of certain other and less resourceful neighbors, and it is this great and sacred trust that the state fair is seeking to impress and to help carry.

### A WAR TIME FAIR

It is Iowa's first—and we sincerely hope the last—real war-time fair. Last year preparations for the fair were well under way weeks before war was declared against Germany, and while war work and war sentiment were much in evidence it was impossible to change the plans sufficiently to give full expression to the spirit that is moving the Middle West to strenuous endeavors. This year there will be no lack. War work will be paramount, and the fair as a whole will show a little of what Iowa can do toward furnishing the sinews of war in support of the boys that have gone across to the battle front.

### THE PURPOSE OF THIS BOOK

This little book was compiled for the benefit of Iowa State Fair visitors. It is a sort of guide book pointing out the more important features and centers of interest. It contains the daily entertainment programs, and lists the entries in the horse and cattle departments, a feature that will be found exceedingly helpful to those who want to follow the work in the judging rings.

In the back of the book is a map of the grounds. The race track and speed barns are located in the northwest corner and near the main entrance on the west side, the side toward the city. The Rock Island track, depot and loading platforms lie along the south side of the plant. The broad thoroughfare running north from this entrance is Rock Island Avenue. The main street running east and west, with the race track and Amphitheatre on the north and the Administration Building and Machinery Hall on the south, is Grand Avenue. The camp grounds are in the woods at the east end of this avenue. A new entrance has been made on Walnut Street two blocks south of the Grand Avenue entrance.

### THE BUILDINGS

The big pavilion and buildings for housing the livestock exhibits are grouped about Rock Island Avenue on the south side and directly east from the street car entrance. The Administration Building is located in the center of things at the intersection of Grand and Rock Island Avenues. This building contains the offices of the secretary, president, treasurer and heads of the various departments. It is the logical place to go for information of all kinds pertaining to the fair. The Stock Pavilion, where the evening horse shows are held and where the horses and cattle are judged, stands on Rock Island Avenue just north of the livestock buildings. Still further

north is the Agricultural Building, while to the right of these and a little farther up the hill are the Women and Children's Building, the Exposition Building, the Poultry Building, the College Building, Boys' and Girls' Club Building and various other centers of industry and interest.

### **MACHINERY SHOW**

The first thing to catch the eye of the visitor reaching the fair by way of Grand Avenue, the Walnut Street entrance or by the street car is the machinery show located in the southwest part of the grounds. Covering sixty or more acres and with exhibits closely packed to conserve space it is stupendous, a wilderness of whirling wheels and glittering color, for at a certain time when everything is in readiness the power is turned on and from that time till the close of the fair everything is in action. The smaller and lighter labor-saving appliances, especially such as are designed for household use, are housed in Machinery Hall.

**E. T. DAVIS, Iowa City,**

**Supt. Public Safety Department, Iowa State Fair and Exposition.**

### **THE TRACTOR SHOW**

The tractors, ditchers, threshers, harvesters and other heavy machinery will be found just inside the new Walnut Street entrance. Some are shown under the big tents while many are shown in the open. It is doubtful if any other farm machine in use today is attracting as much attention and comment, favorable and otherwise, as the farm tractor. And certainly no other machine is playing a more important part in the business of food production or doing more to overcome the scarcity of farm labor. The tractor exhibit this year will be a big one. Many improvements have been made and much real progress achieved since the fair a year ago, all of which will be demonstrated. The man who is up in the air over the tractor problem should see this big show where he can make intelligent study and comparison of the different kinds and models.

### **GOVERNMENT EXHIBIT**

Naturally the headliner or star feature of the fair this year will be Uncle Sam's big government exhibit. It will exploit the work of the War and Navy Departments, the Department of the Interior, Food Administration and

## You Are Invited to Visit **The Iowa Homestead** Booth and Building

---

**A**S IN past years The Iowa Homestead again invites its subscribers and friends to call at our booth on newspaper row, and we also extend a most pressing invitation to all who possibly can, to visit our new Homestead building at 1912 Grand Avenue. Every man and woman who honors us by calling either at our headquarters on the fair grounds or at our new home here in the city will be welcomed and receive our personal attention. It is conceded that The Homestead building is one of the most beautiful structures in the state. It is equipped from top to bottom with modern machinery of all kinds used in the printing business, and we shall be delighted to show our friends through the whole building. Special guides for that purpose will be on hand throughout the entire fair week.

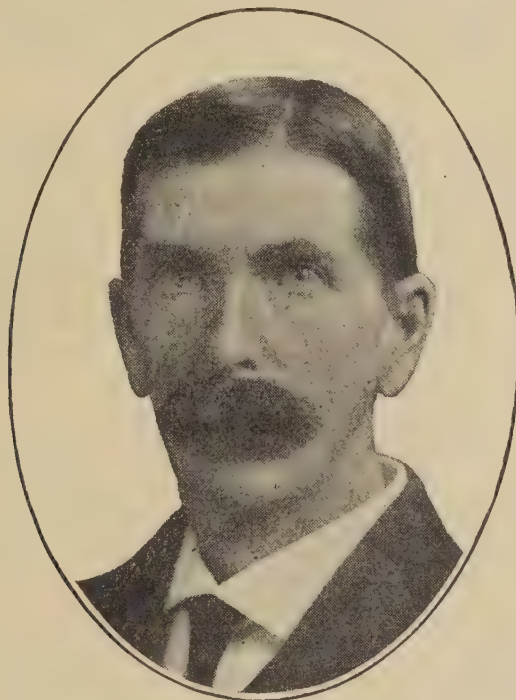

---

**The Iowa Homestead**  
DES MOINES    -    -    -    -    IOWA

the Department of Agriculture, the latter including the bureaus of animal industry, plant industry, rural engineering, entomology, commerce, markets, etc., etc. This exhibit will be found in Power Hall, located just inside the new Walnut Street entrance and a few rods north and west of the street car entrance. The War and Navy Department exhibits will consist of modern war equipment and fighting materials and trophies and relics from the battle front in France. The exhibits from the other departments mentioned will have to do with the research work and experimentation carried on by the government in support of the agricultural and livestock interests of the country.

#### **MINE RESCUE CAR**

A unique feature in connection with the government exhibit will be a mine rescue car sent out from Washington by the Bureau of Mines. This car will carry a varied assortment of rescue apparatus and other material

**ELMER M. REEVES, WAVERLY,**  
Member Third District,  
Superintendent Horticulture Department.

demonstrating the activities of the bureau. In order to show the actual methods employed in mine rescue work the fair management will build a glass house upon a platform so that every move will be in plain view of spectators. This house will be air tight. It will be filled with poisonous gases and the rescue crew equipped with oxygen helmets will enter and perform the same sort of work upon an imaginary victim that is given to the victims of mine accidents. This car will be found side-tracked at the Rock Island station just outside the Rock Island Avenue entrance. The demonstration will take place near Mining Building on Grand Avenue.

#### **SILO TOWN**

Silo Town is located just inside and to the south of the Grand Avenue entrance on the west side of the grounds. It is positively the best place in the entire United States to study silo building at first hand. And here's the reason: Other fairs the country over place a limit on silo building, restricting displays to samples of building materials or at most to the construction of small models or low sections of silos. But the Iowa management has given silo builders a free hand and plenty of space and the result

is a small town of completed silos, a dozen or more different kinds, brick, block, concrete, stave, tile, metal, etc. If you are a stock grower, interested in Uncle Sam's silo propaganda and with a mind to future operations in that line, by all means look up Silo Town during the fair.

#### **AUTOMOBILE SHOW**

The auto show and exhibits of accessories will be staged under the Amphitheatre. As usual it will be a brilliant affair and the center of interest for a very large share of fair visitors. It will be largely a show of new ideas and 1919 models, and will probably be about the only opportunity offered in Iowa this year to study the new wrinkles in auto building.

#### **AGRICULTURAL EXHIBITS**

The various products of field, orchard, garden, vineyard, dairy and apiary will be found in the Agricultural Building a few rods north of the Stock Pavilion and just across the street from the Administration Building. The county exhibits and the individual farm exhibits will also be found in this building. The best of music will be "served" along with the great variety of exhibits.

#### **POULTRY SHOW**

The Iowa Hen is a very important female these war times and is contributing liberally of eggs, broilers, roasters and roosters to our bill of fare on meatless days. Her headquarters will be in the Poultry Building well up on the hill in the woods at the east end of Grand Avenue. It will be a monster show of Iowa's feathered population quite in keeping with the magnitude of the industry. And that word, "industry" marks the progress accomplished. Just a few years ago it was "the chicken business." If you have never had a spell of "chicken fever" drop around this building and get a touch of it. You have to have it some time.

#### **THE EXPOSITION BUILDING**

The Exposition Building is located about half way between the Poultry Building and the Women and Children's Building. Here the visitor will find mercantile and industrial exhibits, music, fancy work, and displays of a hundred kinds of special interest to the women folk.

#### **BOYS' AND GIRLS' CLUB WORK**

The Boys' and Girls' Club Building stands a few rods east of the Women and Children's Building. The boy and girl club workers in the state number well on to one hundred thousand. They will not all be at the fair, but there will be enough of them to make this building one of the liveliest spots upon the grounds during the week. Daily programs, forenoon and afternoon, of music, demonstrations and contests will be in order, all in the line of club work and of keen interest to younger Iowa.

#### **STATE INSTITUTIONS EXHIBITS**

It has been the custom for the fifteen or more state institutions to combine their forces and prepare a big exhibit for the fair. It will be divided into two departments, one devoted to livestock and the other to manufactured articles and implements, fancy work, basket ware, plain sewing, fruit and vegetable canning and kitchen and pantry exhibits. The tent containing the livestock will be located west of the Sheep Barn. The tent containing the industrial exhibit southeast of Administration Building facing the park.

#### **WOMEN AND CHILDREN'S BUILDING**

This building will be the chief center of interest for the women folk during the fair. Special daily programs of the most attractive sort have been prepared. There will be a "Wild Flower Festival" some sort of a pageant that we can not very well explain, being a mere male man. There will be a Style Show every afternoon in the main Auditorium. There will be Baby Health contests every day, with movies and music in abundance at all hours of every day.

### IOWA STATE COLLEGE BUILDING

Iowa State College Building stands just at the rear of the Boys' and Girls' Club Building. The building will be occupied with a comprehensive educational exhibit covering the subjects of the conservation of food, fuel, labor, etc. The Champion Canning Team representing County and City Champion Teams will conduct demonstrations in the cold-pack one-period method of canning. There will be a change of contesting teams each hour; in all about forty-five teams will compete.

### THE LIVESTOCK SHOW

It will be a typical Iowa stock show. That expression is sufficient for the man who has been in the habit of attending the fair. It covers the field. To the first-time visitor the show of pure-bred farm stock will impress him as the greatest display of the kind he has ever seen, one that dwarfs all

**E. J. CURTIN, DECORAH**  
Member Fourth District,  
Superintendent Speed Department.

other stock shows in magnificence and numbers. It is safe to predict an aggregate of more than five thousand pure-bred animals in the various departments. And while Iowa-owned herds and flocks will be in evidence in overwhelming number they will be supplanted by drafts from the choicest herds and flocks from probably half the states in the Union. Words fizzle out when one undertakes to do this show justice verbally. There is but one way to get an adequate idea of its greatness and variety and that is to see it. The swine and sheep will be judged in their respective pavilions. Horses and cattle will be judged in the big Stock Pavilion, the forenoons being devoted to horses and the afternoons to cattle.

### COW TEST EXHIBIT

Cow test associations have become an accepted part of the dairy industry in Iowa. Incidentally they are doing much to advance the business and place it upon a paying basis. A cow test exhibit will be put on again this year. It will be staged under a commodious tent near the cattle barns. The cows will come from Marshall county this year, cows that have been under test for the past year so that all the figures and data will be available. The

value of such an exhibit as an object lesson can not be estimated. And the fact that it is so valuable from an educational point of view does not lessen its attractiveness as a novel feature. One can appreciate and enjoy it, even tho not particularly interested in dairy affairs.

### DOINGS FOR THE YOUNG PEOPLE

There is no lack of features of special interest to the younger generation, features in which, too, the younger generation will be the actors. The Boys' Judging Contest, with its eight scholarship prizes, will bring out a small army of contestants eager for the privilege of a term at Ames. The contest will be held in the Stock Pavilion Friday, August 23d. The Boys'

Baby Beef contest will be held later, some time the following week—see daily program. The youngsters will also engage in a pig feeding contest, which will be held in the Swine Pavilion. There will be canning club contests at the club headquarters, with parades and demonstrations galore.

### ENTERTAINMENT FEATURES OF THE FAIR

On the same theory that all work and no play soon sends a man to the scrap heap any great fair or other enterprise representative of the energies and industry of the people would soon descend to the commonplace unless a happy balance of educational and entertainment features is preserved.

This is a matter that has always lain close to the heart of the officials, and they have spared neither time, labor nor money in the preparation of a recreational program of sufficient merit to balance the other side of the fair. By a constantly growing attendance the public has expressed its approval in a manner both convincing and satisfactory. The programs prepared for the fair this year will, like everything else, be dominated by the war spirit. It is certainly the most varied and we believe will prove the most stirring of any program every presented to the Iowa public.

## MUSICAL FEATURES

The music alone will prove inspiring. It will be a ten-day feast of harmony. Not less than a dozen musical organizations, concert bands, military bands, orchestras and vocal organizations will contribute during the period. The Famous Thaviu Concert Band will come out from Chicago. The Henry Band, The Great Lakes Training Station Band, the Fisher Band and Fort Des Moines Orchestra and Glee Club, have been engaged. The Royal Hawaiian Orchestra will give concerts every morning, afternoon and evening. There will be two groups of grand opera singers, a military band or two from Camp Dodge and the Veterans of '61 with their fife and drum corps.

## MONSTER WAR DRAMA

A great war drama, or open-air war pageant entitled, "The World at War," will be presented every night in front of the Amphitheatre, beginning Friday evening, August 23d. Thrilling, spectacular and intensely realistic it will give some idea of how war is carried on according to the latest twentieth century methods. The stage setting of this production is on a heroic scale. Thirty thousand yards of scenic canvas will be spread. A train load of equipment and more than 300 people are required to carry out the program.

## BRITISH WAR PLANES

Wednesday and Thursday a group of British aviators will give exhibition flights and demonstrate some of the latest models of war planes. Brigadier General Lee, Captains Morris, Hammond, Haney and others are making a tour of the country in their great fighting machines. They will give exhibition flights both forenoon and afternoon and demonstrate the machines by mimic battles high in air. They will show air methods of attack and defense and many other uses of this newest adjunct to the business of war.

## CAMP DODGERS TO HELP

The military authorities at Camp Dodge have granted permission for some of the farther-west boys to put on a genuine Wild West program on Monday, Tuesday and Wednesday afternoons. That it will be the real thing goes without saying. There will be no camouflage or movie-film stuff about it. It seems that when our Uncle Samuel goes into the horse-buying business there are more than a few individuals that take advantage of his good nature to unload their outlaw horses upon him, a fact the soldiers are soon made aware of when they undertake to put the steeds to work. They have acquired a raft of these outlaws and bad actors at Camp Dodge and the boys from Wyoming and Montana are in their element when it comes to handling them. There will be wild horse riding, rough riding, broncho-busting contests for both horses and mules, Roman standing races for both horses and mules, high-jumping contests and numerous other stunts of like nature.

## EVENING HORSE SHOWS

With something like half a dozen noted strings of fancy saddlers and show horses entered the evening horse shows held in the Stock Pavilion promise exceptionally stirring contests. All the hitches in vogue in show circles will be contested. Saddle horse contests for both five-gaited and three-gaited animals; high-jumping stunts and classes for military horses. There will also be parades of prize-winning animals and some special circus stunts in the line of trick riding.

## AUTOMOBILE RACES

Two days, Friday, August 23d, and Friday, August 29th, will be devoted to the sport of auto racing. The program will include long distance events, dashes, sprints against time to establish new records, etc., etc.

**BARNEY OLDFIELD MASTER DRIVER OF THE WORLD**

Barney Oldfield, master driver of the world, and his Golden Submarine Racing Car have been engaged for two matched races. On Saturday afternoon, August 24th, he will compete with Fred Horey, Dirt Track Champion, in a three-heat matched race. On Thursday he will compete with George Clark, Southern Champion, in a three-heat matched race.

**FIVE DAYS OF HORSE RACING**

Beginning Saturday, August 24th, there will be five afternoons of horse racing. The program will include a large number of harness races, running races, team races for trotters and pacers and saddle races for trotters. Not since the old days before the coming of the auto when the horse was king has the speed program been favored with such a long list of crack horses in the entries to the various events. The Iowa State Fair Futurity No. 3 and the Western Breeders' Futurity No. 5, both trotting and pacing divisions, will be raced off. There are more than thirty classes to be fought out, which means six or more good races each afternoon.

**HANKINSON'S AUTO POLO**

Lovers of the sport of auto polo will be pleased to learn that Ralph Hankinson and his players will be numbered among the attractions again this year. The expression, "too fast for the movies," fits this game to the letter. It is the essence of the strenuous boiled down to the last degree. Hankinson is the man who originated auto polo. There have been imitators, but all have fallen short of the real thing. They will play every afternoon and evening.

**SPECIAL CIRCUS ACTS**

While there is most always "something new under the sun" it is sometimes hard to find and still harder to get. The fair officials realize this when they start out early each year to list their specialties that have come to be a recognized part of every afternoon program in connection with the modern agricultural fair. Some fifteen or more acts have been engaged for this year. They are new, novel, some unbelievably difficult of accomplishment, some of the rip-roaring laughter-creating variety. They will be presented every afternoon and evening in connection with the regular programs.

**FIREWORKS DISPLAY**

Each day will be concluded with a magnificent display of fireworks, the technist. They will be distinctly patriotic in character, including some very remarkable set pieces picturing famous historical events that have had to finest and the most beautiful that can be turned out by the skilled pyrodo with the making of the proudest nation upon the earth—America.

## DAILY PROGRAM.

### Auditorium Women and Children's Building.

A very beautiful feature of the program is the original pageant by Miss Esse Hathaway, entitled "Festival Iowa Wild Flowers." This will be put on by Iowa children from various parts of the state. Miss Huldah Haskamp will have charge of the original interpretative dances. A central musical theme from a series of old Indian melodies has been arranged by Miss Gertrude Miller. Costumes are under the direction of Miss Joyce Latham. The costumes have been designed by Miss Velma Wallace and Miss Joyce Latham. Mr. D. O. Finch, scenery artist for the Princess Theater, is stage decorator.

A very novel, interesting and educational feature of the daily program will be a demonstration of "Art and Conservation in Clothing." Garments will be shown on living models. Lectures will be given by Miss Ruth Curtiss. The exhibit is under the direction of Miss Ethelyn Dodson and was arranged by the Home Economics Department of the Iowa State College at Ames. Garments shown are from the Harris-Emery Company at Des Moines. Another attractive and interesting feature is the thrift exhibit, showing possibilities of made-over garments. Talks will be given by Miss Cation of the Iowa State College at Ames on Thursday and Friday, August 29th and 30th. This exhibit will be staged and the lectures given in the Home Economics room on the second floor.

- 10:00 a. m.—Demonstration, Use Milk—Sweet and Sour.  
 2:00 p. m.—Demonstration, Save the Remnants.

**Friday, August 30—**

- 10:00 a. m.—Information Center.  
 2:00 p. m.—Information Center.

## IOWA STATE COLLEGE EXHIBIT AT IOWA STATE COLLEGE BUILDING.

More than ever before the State College Building on the fair grounds will be a center of attraction and interest. Snuggling in the shade of the pines on the upper face of the hill, its expansive porch overlooking all the lower fair grounds and great stretches of the Des Moines river valley beyond, it offers the most refreshing rest retreat on the entire grounds.

The south end of the interior of this building is fitted with a stage and comfortable seating for one hundred people. Here there will be a continuous program of canning demonstrations and canning contests, the participating clubs coming from all the more progressive counties in the state.

In the large center floor space there will be an extensive live stock feeding exhibit from the Animal Husbandry Department at the college. This space will be fenced off into a number of feed lots with green growing pastures; each lot having its model animals, its modern feeding devices and samples of the feedstuffs used, as well as placards showing results and indicating most economical feeds and methods to use.

On the east side of the building the Agricultural Engineering Department will have a display of modern farm building plans and farmstead layouts; also a silo exhibit setting forth desirable and undesirable features of various materials used in silo construction. In addition, there will be a most interesting exhibit showing practical methods for preventing soil washing or erosion. This will include models of various types of dams, etc.

Next to this the Soils Department will show by use of a series of plots and lots, the field and greenhouse methods of determining fertilizer requirements of soils. There will also be a soil survey display with an 8x8-foot relief map of one of the central counties showing the different types of soil found in the county, and the extent and distribution of each type; also wall maps of several other counties in which the soil survey has been completed. The attendant will give information as to what steps should be taken in order to secure a soil survey in counties which have not already been surveyed. He will also be equipped to test samples of soil brought in by visitors and tell whether or not these soils require lime and in what quantity.

In another space the Farm Management Department will have an exhibit showing how the best one-eighth of our Iowa farmers succeed in making four times as great profits per farm as the average farmer makes, and will further show that by all farmers practicing an efficient management as the best one-eighth do, there would be an annual increase in Iowa crop production sufficient to feed an army of three million men for 139 days, and at the same time release forty-four thousand men from farm labor to army service. These are interesting facts based on actual results already obtained by actual farmers in Iowa and it will therefore be of special interest for all farmers to study this exhibit and learn how such results are secured.

By means of models the Farm Crops Department will show an excellent method of quickly drying soft corn in the crib, so as to effectually preserve the corn. This method was developed and successfully used last fall when the need was so great, and if put into general use in a bad year would result in a saving of hundreds of dollars to individual farmers and of millions to the state.

In one booth of the exhibit will be a sectional hot air furnace and colored charts showing the economy of different methods of firing. There will also be charts giving the data concerning the cost of heating when using Iowa coals and that from other states.

In a second booth will be a storeomotorgraph with slides showing the many different ways in which fuel may be conserved. A giant thermometer will call attention to the fact that the rooms should be kept at 68 degrees.

In still another booth will be seen charts and maps showing how Iowa

wood may be substituted for coal. A cord of soft wood will take the place of a half ton of coal and a cord of hard wood will replace a ton of coal. If 3,000,000 cords of wood are used this season 2,000,000 tons of coal can be saved and this amount of coal would build 25 ships or transport 250,000 troops across the sea.

In addition to these various exhibits, an information bureau will be maintained in the College Building where visitors may get full information and literature in regard to all matters pertaining to college courses.

---

## PROGRAM.

### Boys' and Girls' Club Building.

Demonstrations by Boy and Girl Club Members and Leaders.

9:00 a. m. to 4:30 p. m.—

1. Demonstration in making 4-H Brand Breakfast Food from field corn.
2. Demonstration in the use of Pressure Cookers in cold-pack one-period method.
3. Demonstrations in "whole-pack" canning by the cold-pack one-period method.
4. Demonstration in making the Iowa "Girls' Club Dress."
5. Demonstration in making syrup from sugar beets.
6. Exhibits in canning, garment making, handicraft, goods, and other work of Iowa Boys' and Girls' Clubs.

Headquarters Boys' and Girls' Clubs at the Iowa State Fair. This building is located a short distance up the hill from the Agricultural Building. Great doings there every day. Don't fail to visit it and see what the boys and girls of the state are doing to help win the war.

**BOYS' AND GIRLS' CLUB PROGRAM.****DAILY PROGRAM.****State College Building.****Stage Program, Iowa Boys' and Girls' Clubs.****9:00 to 12:00 a. m.—**

1. State Canning Team Demonstration Contests, Champion Canning Teams, representing county and city champion teams selected from Iowa Boys' and Girls' Canning Clubs will conduct demonstration contests in the cold-pack one-period method of canning. A change of contesting teams each hour.

See bulletin board for schedule of teams participating.

2. Exhibits of Contest Canning Work.

Afternoon program same as forenoon.

**COUNTY AGENT AND FARM BUREAU PROGRAM.****State Fair Grounds.****AUGUST 26-27-28.**

Conference meeting from eight to nine o'clock each morning at assembly tent at camp ground.

**Monday, August 26th:**

Mr. H. B. Fuller, in charge County Agent Work, U. S. Department of Agriculture.

Mr. C. E. Cameron, President, State Board of Agriculture.

**Tuesday, August 27th:**

Professor R. K. Bliss, Director, Agricultural Extension, Ames, Iowa.

**Wednesday, August 28th:**

Mr. H. W. Wells, Associate Director, Boys' Working Reserve, U. S. Department of Labor.

At 9:30 a. m. each day the conference will be divided into three groups under the leadership of Assistant County Agent Leaders R. F. O'Donnell, George Dunlop and Don E. Fish. One group visiting the live stock department, another the agricultural exhibits and the other group the farm machinery.

The conference will reassemble at 4:00 p. m. each day to talk over the exhibits and hear reports of special investigation committees.

Farm bureau members will find registration book and headquarters in Agricultural Hall. Be sure and register and get your badge.

**ROYAL UNION MUTUAL LIFE, DES MOINES, IOWA**

An Iowa Company—third of a century old. Its policyholders are its friends. They know it is good. You should know it.

**Frank D. Jackson, President****Sidney A. Foster, Secretary**

## DAILY FAIR PROGRAM IN DETAIL

WEDNESDAY AND THURSDAY, AUGUST 21-22.

Wednesday and Thursday, August 21st and 22d, are designated as preparation days and all live stock, machinery and other exhibits are to be arranged and put in place on these days, ready for inspection by the public by 9:00 a. m., Friday, August 23d. All live stock exhibits are required to remain in place until 12:00 o'clock noon Friday, August 30th. Live stock may be placed in barns on and after Monday, August 19th. All department superintendents maintain offices in the Administration Building. The superintendents will be ready to transact business and place machinery and other exhibits on and after Monday, August 19th. On Wednesday, Thursday and Sunday, August 22d, 23d and 25th, twenty-five cents admission fee will be charged at the outside gates. Vehicles will be admitted free on the above dates; also after 5:00 p. m. each day of the fair. Advance sale of tickets, including reserve and box seat tickets for any afternoon or evening performance at the grand stand and live stock show in the Stock Pavilion will be on sale on and after Wednesday, August 21st, at the booth near the east entrance to the grand stand. For admission fees, at the outside gates, grand stand and live stock pavilion, see admission prices on page 7.

---

FRIDAY, AUGUST 23.

### Children's Day.

The gates will be thrown open at 7:00 a. m. and full admission fees will be charged for adults, vehicles, etc. All children under fifteen years of age will be admitted free. Buildings and stock barns will be open to the public and all exhibits in place by 9:00 a. m. A special invitation is extended to all children to attend the fair on this day. Children are especially requested to visit the cattle barns, Numbers 17 and 18, containing the exhibit of baby beeves, fed and shown by the boy and girl club members of the state of Iowa. Attention is also called to the exhibit of pigs fed and shown by the boy and girl club members in Division D, swine barn. The boys' and girls' club building contains exhibits by canning clubs, school work; also canning demonstrations by county teams. An event of special interest to the children, and arranged for their education and amusement, is the judging of Shetland ponies in the Stock Pavilion. At 2:00 p. m. a display of daylight fireworks will be given for the entertainment of the guests of the day.

---

### Forenoon.

8:00—All live stock and other exhibits in place. Buildings open; machinery in motion, ready for inspection by the public; boys' judging contest and judging contest by a number of county teams for the state championship—\$800 in eight scholarships to the Iowa State College of Agriculture, and a beautiful silver loving cup, the gift of W. J. Kennedy, Sioux City, Iowa, will be awarded to the individual boys who do the most efficient work in judging classes of horses, cattle, swine and samples of corn, and writing reasons substantiating their judgment. Five hundred dollars in cash prizes will be awarded the teams doing the most efficient work in the judging contest. The prize money will be used to defray the expense of the winning teams, who will participate in a similar contest at the International Live Stock Show, the first week in December.

**Judging Program.**

9:00—Judging of Shetland ponies, Welsh ponies and mules, in the Stock Pavilion.

Judging and awarding of prizes will begin in the agricultural department, culinary department, apiary department, fruits, plants and flowers, fine arts and poultry.

**Forenoon Concerts.**

9:30 to 11:00—Henry and His Band and Chicago Grand Opera Quartet, Stand on Plaza.

11:00 to 12:30—Thaviu's Band and Grand Opera Company, Stand on Plaza.

9:00 to 10:30—Royal Kealakai Hawaiians, Stand in Stock Pavilion.

10:45 to 12:00—Royal Kealakai Hawaiians, Stand in Agricultural Building.

10:00 to 11:00—National Drum Corp, at various locations on grounds.

**Baby Health Contest.**

9:00—Examining and judging babies in the Baby Health Department of the Women's and Children's Building.

**Boys' and Girls' Club Building.**

9:00—Demonstration by boy and girl club members and leaders:

1. Demonstration of making 4-H brand breakfast food from field corn.
2. Demonstration in the use of pressure cookers, in cold-pack one-period method.
3. Demonstration in whole-pack, canning by the cold-pack one-period method.
4. Demonstration in making the Iowa "Girls' Club Dress."
5. Demonstration in making syrup from sugar beets.
6. Exhibits in canning, garment making, handicraft goods and other work of Iowa boy and girl clubs.

**Iowa State College Building.**

Conservation Exhibit covering food, fuel, labor, etc.

9:00—Boys' and girls' club program on stage in south end of College Building. State canning team demonstration and contest. Champion canning teams, representing county and city champion teams selected from Iowa boys' and girls' canning clubs. Will conduct demonstration contests in the cold-pack one-period method of canning. A change of contestant teams each hour. See bulletin board for schedule of teams participating.

**Program in Women and Children's Building.**

Exhibits to be found in rooms on first or basement floor.

Art Exhibit, consisting of Loan Exhibit and work of Iowa artists.

Exhibit and demonstrations by Des Moines Chapter American Red Cross.

Public Health Exhibit by State Board of Health.

Exhibit by State Traveling Library.

**Home Economics Program.****Second Floor Women and Children's Building.**

10:00—Demonstration wheatless meals.

**Main Auditorium, Women and Children's Building.**

10:00—Moving Pictures—Red Cross work at home and overseas.

10:30—Moving Pictures—Supplied by Committee of Public Information, covering various phases of the war.

**Floral Display—Floral Hall.**

To be on display and ready for instruction by 12:00 o'clock noon. Professional class for best display of cut flowers, gladioli, red, pink and white carnations.

**Mine Rescue Demonstration.**

10:00—A demonstration will be given of mine rescue work in a specially-built glass house located immediately west of the mining exhibit building on Grand Avenue. The demonstration will be put on by crew and equipment furnished by the U. S. Bureau of Mines.

**U. S. Government Exhibit.**

A comprehensive government exhibit from the War, Navy, Agriculture, Commerce Departments, Food Administration and the Committee on Public Information, will be found in Power Hall, near street car entrance.

---

**FRIDAY AFTERNOON.****Special Children's Program.**

Judging of Shetland ponies will continue in the Live Stock Pavilion. A special program of daylight fireworks for the entertainment of children will be fired from both shells and rockets, which permits an infinite variety of new effects, throwing out figures such as donkeys, elephants, bull moose, Japanese policemen, balloons, flags and various other figures.

**WEDNESDAY, AUGUST 28.****State and Liberty Day.****Boys' and Girls' Club Day.**

In accordance with an established custom, Wednesday is set aside as State Day. A special invitation has been extended to all state officials, members of the Legislature and members of Congress, to make a special effort to visit the State Fair on this day. No speaking program has been arranged but all are invited to meet and exchange greetings in the lobby and on the porches of the Administration Building. The day is also dedicated to the boys' and girls' club workers, in the various lines, who have completed their reports up to August 1st. A special program has been arranged at the Boys' and Girls' Club Building. A parade will take place in the center field in front of the Grand Stand, representing the various phases of boys' and girls' club work.

The State Spelling Contest, with a representative from practically every county in the state, will take place in the main auditorium of the Women's and Children's Building, commencing at 9:00 a. m. Special attention is called to the exhibit of the boy and girl club members in the club buildings; baby beeves in cattle barns 17 and 18, and the pig exhibit in the Swine Pavilion.

---

**THURSDAY, AUGUST 29.****Million Dollar Live Stock Parade Day.**

The Iowa State Fair and Exposition is famous in that it stands at the head of all state fairs in the number of horses, cattle, swine and sheep on exhibition. It is known over the length and breadth of the country as the leading live stock and agricultural exposition. It has been the earnest effort of the management to build a fair along educational lines and at the same time provide a liberal amount of wholesome amusement features.

The Million Dollar Live Stock Parade will form on Rock Island Avenue in front of the Live Stock Pavilion and on the avenue west of the Administration Building, and will pass in review in front of the Grand Stand promptly at 4:00 p. m. Lovers of pure-bred live stock cannot help but appreciate this extraordinary showing of the very best representatives of all of the leading breeds of horses and cattle to be found in this country.

Official Referee, Ed Smith, Sporting Editor, Chicago American.

**FRIDAY, AUGUST 30.****Automobile Racing Day.**

In order to cater to the wishes of the ever-increasing number interested in the automobile, the management of the Iowa State Fair has provided two full afternoon programs of auto racing. The meeting is sanctioned by the International Motor Contest Association, which association is an auxiliary of the American Association of Fairs and Expositions, of which the Iowa State Fair is a member.

The purpose of the contest association is to provide rules and regulations

governing auto racing over dirt tracks to properly protect and safeguard the public witnessing the contests and to license drivers who are qualified to participate in dirt track racing. No amateur driver will be allowed to compete in any contest held under the sanction of the International Motor Contest Association and no professional driver shall be allowed to compete until he furnishes sufficient evidence that he makes as his profession the driving of a specially-constructed racing car.

#### **Forenoon.**

7:00—Gates open to public.

8:00—All buildings open and exhibits ready for inspection by the public. The judging of live stock having been completed on Thursday, the stock will be found in the barns and pavilions, and may be seen to the very best advantage by the public.

**Don't Fail to See****The New "Hodges Carburetor"****FOR MOTOR VEHICLES***Demonstrated Block C, Machinery Ave.*

The Hodges Carburetor is a new idea of a carburetor that gives the motor 100% better action on one-half the fuel cost. It eliminates carbon troubles, puts new life in the motor and at the same time cuts the fuel cost in two in the middle.

### SPECIAL PREMIUMS.

Offered by the Iowa Short-horn Breeders' Association.

Exhibitors in this class must be members of the Iowa Short-horn Breeders' Association and cattle shown must be bred by some member of this association, although not necessarily by the exhibitor. These trophies shall be held by the winners until one month preceding Iowa State Fair of 1919, when they must be returned to the secretary of the Iowa Short-horn Breeders' Association to be again competed for.

Best senior bull calf.....Silver Water Pitcher, value \$35

Best Junior bull calf.....Silver Fruit Dish, value \$25

Best senior heifer calf.....Silver Water Pitcher, value \$35

Best junior heifer calf.....Silver Fruit Dish, value \$25

No entries required in this class. Awards will be made in accordance with awards in open classes.

E. R. SILLIMAN, Secretary, Colo, Iowa.

# French Motor Pep

**The 20th Century Auto Fuel Reduces Car Expense**

25% Less Gas; 50% Less Repairs;  
Longer Life for the Motor;  
More Speed and Power.

FRENCH MOTOR PEP is a combination of high volatile oils which breaks gasoline into finer globules so that it is more readily vaporized and mixed with air, thereby forming a lighter mixture of much higher explosive power.

**Result**—No Carbon, Less Gasoline, More Mileage, Greater Speed, a Smooth Running Motor, Easy Starting in Cold Weather, No More Engine Trouble.

Sold Under a Positive Guarantee.  
Try It at Our Risk.

**Security Auto Supply Company**

## HOLSTEINS—CLASS NO. 34.

Amount Offered in This Class, \$1,339.50.

## EXHIBITORS.

	No. of Animals
Cass Farm Co., Sumner, Iowa.....	18
J. H. Cleverly, Maxwell, Iowa.....	13
Hargrove & Arnold, Norwalk, Iowa.....	24
Henderson & Erickson, Randall, Iowa.....	1
	56

The Holstein-Friesian Association of America will award as special premiums, a sum equal to 35 per cent of the premiums paid in all divisions of this class, except champions and grand champions.

These special premiums will be paid direct to the exhibitor by the Holstein-Friesian Association upon receipt of a certified copy of awards in this class giving names and numbers of the prize-winning animals. Exhibitors will bear in mind that name and number of all animals must be given at the time entry is made, and that all animals shown must be registered and certificate of registry establishing identity and transfers, showing ownership, must be presented and proven at the time of the showing of animals.

F. L. HOUGHTON, Secretary,  
 Holstein-Friesian Association of America,  
 Brattleboro, Vermont.

## Stockowners, Breeders, Turfmen and Horse-Owning Public

In case you possess horses, mules or cattle afflicted with any blood or skin disease such as fistula, farcy, poll evil, moonblindness, nasal gleet, grease heel, distemper, lump jaw, blood poison, barrenness, lack of vitality of stallions and jacks, jack sores, tonic, fatterer, etc., feed such a reasonable amount of "CUTLER'S BLOOD PURE POWDERS."

That usually overcomes the trouble in reasonable time leaving the animal in a fit and marketable and working condition with pure blood and keen ambition. A few dollars worth of the preparation proves a valued investment.

Write for other information. The powders are generally accepted by the public and highly recommended by the veterinary profession. \$1.00 and \$5.00 packages, only.

Sold by druggists, veterinarians and

# Bigger, Quicker Profits by Feeding Pigs *Right*

Young pigs fed on a ration containing protein in abundance thrive better, develop faster and are ready for the market much earlier than pigs raised on pasture or grain alone.

Decker's Protofod makes an ideal supplement to pasturage and grains. Gives pigs the thing they crave—protein. Supplies the necessary food elements that corn and other feeds do not contain in right proportion. Takes the place of milk to a great extent and makes the available milk supply go farther.

## DECKER'S PROTOFOD *(Sterilized Digester Tankage-60% Protein)*

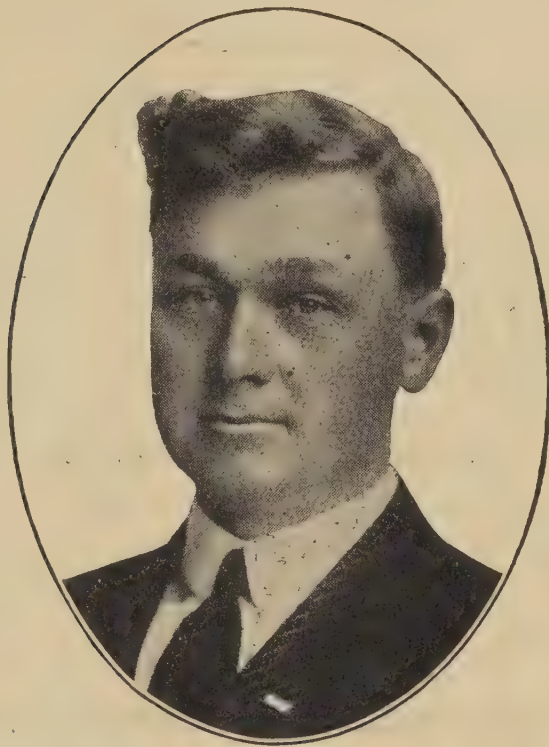

Builds bone, muscle and solid meat quickly and economically. Develops disease-resisting constitutions. Protofod-fed hogs are rugged and thrifty. No runts.

Decker's Protofod is sterilized tankage of the highest quality; clean, wholesome, absolutely germ-free; rich in meat protein; low in starch; easily and quickly digested.

Your dealer carries Decker's Protofod in stock or can get it for you. Start using Protofod **now**—get more and better pork—market earlier—make greater profit.

**FREE BOOK** "From Pig to Porker." Contains information worth hundreds of dollars to all who raise hogs for profit. Send your name and address today.
